

Advisement and Registration Council

November 27, 2018

Minutes

1. Discussed working with Assessment Council about assessing Advising, an additional charge given to us this year. For example, surveying students about what they got from Advising, such as “In your meeting, did you learn about...” Chair Stroppel to contact Chair Berg from Assessment Council to find out what they discussed. Carmen Ortiz to talk with Associate Provost Danielle Liautaud about Advising from Administration’s view.
2. Council to look at Faculty Advisor’s tab, videos already existing on Starfish, Degree Works, etc. to flesh out content of training module for which Council has created an outline and discussed with Joe Alaya from IT about technical parameters. Possible consolidation of information for a Training tab, linking to WP Connect and most up-to-date policies.
3. First meeting of spring 2019 semester scheduled for February 12.
