

Faculty Senate Technology Council  
Wednesday, November 7, 2018

Present: Gamin Bartle (notes), Housen Maratouk, Tao Guo, Sonya Bierbower, Ray Schwartz, Megan Chesin - Not able to attend: Matthew Finn, Pei-Lin Weng (Family Leave)

1. Sonya and Ray will be Co-Chairs until Pei-Lin returns in the Spring Semester. Then Pei-Lin will replace Sonya or Ray.
2. Academic Integrity Policy Revisions
  - a. We will be working with Academic Standards on the revisions
  - b. Our council's part is limited only to technology/online course-related items
  - c. **Gamin will integrate the changes we proposed last year into the 2008 version**
3. Advocate to establish persistent URLs and best practices for posting and maintaining important University documents online.
  - a. The Council has limited purview on this, advocating is the only thing we can do
  - b. **Advocating = Ray will contact Eric and Yuri Marder about this charge**
4. Continue to support Instruction & Research Technology (IRT) in requesting research into an Online Learning Center.
  - a. **Gamin is considering how the Council can help**
  - b. Process is unclear on how/where to get a proposal going
  - c. This proposal has to come from an academic area, not IRT
  - d. Question: Work with other councils on this? Which one(s)?
  - e. **Gamin will have a conversation with Sandy Hill about how this should be handled**
5. Support nascent Digital Literacy initiative by IRT, Faculty, Staff and Student
  - a. Spread the word about Lynda.com, Qualtrics, etc.
  - b. Course-specific recommendations for Lynda.com – **Gamin will talk with Lynda.com rep about specific pathways for courses (data management, etc)**
  - c. **Gamin will speak with Lynne Orr about reaching out to Technology Intensive Course faculty about Lynda.com**
6. Collaborate with the Research, Scholarship and Creative Expression Council to explore and extend funding and resources for University-wide software purchases and implementation designed to support faculty activities in research, scholarship and creative expression.
  - a. Technology Across the Curriculum committee is looking into Qualitative Analysis software, gathering data from departments and would like the Council's help requesting this software for FY20.
  - b. **Tao will reach out to the Research, Scholarship and Creative Expression Council to discuss collaboration.**
7. Scheduling December meeting – **Ray will send a Doodle poll**
